IATSE 470 Hours Report

Name _____ Address _____
City _____ State _____ Zip _____
Phone _____ Alt Phone _____

At the following venues, IATSE 470 has been able to negotiate rate increases for permit workers once they reach a certain number of hours of work with IATSE 470. In order for these increases to occur, you must keep track of and report your hours worked to the secretary of IATSE 470 at **P.O. Box 2421 Appleton, WI 54912**. This form is to help you do this.

Report only hours worked from jobs that you are referred to by IATSE 470. These hours need only be submitted on a yearly basis or when you reach the minimum number of hours listed below. Continue tracking hours until you have reached the maximum at each venue. If this is not done, you will not receive these increases and will remain at the current permit worker rate at the venues that this pertains to.

For all of the following venues, your rates will increase to the Apprentice rate once you reach 1000 hours of reported work experience with IATSE 470 and will increase to the Journeyman rate once you reach 2000 hours of reported work experience: **Resch (PMI), The Wausau Grand Theatre, Fox Cities Performing Arts Center, The Weidner Center, The Meyer Theatre, GES Exposition Services, and Oneida Bingo and Casino.** For all of our other venues at the moment, rates increase with hours worked at those particular venues but not overall hours worked so you will still need to track your hours at all other venues also.
